HOLYER VS. MARSHALL

The Plaintiff Claims Convincing Proof.

THE CUTE DETECTIVE DODGE

One Who Claims to Be Posted Tells His Story, and Claims That Detective Like Lazarus Will Prove a Dangerous Witness Against the Doctor--The Physician Declares His Innocence and is Doing No Talking--His Friends Do Not Believe Him Guilty.

The NEWS REVIEW has no desire to deal in sensationalism, and gives the following as a matter of news, culling it from a source which should be absolute authority. It is given to the public just as received, as follows:

"Mrs. Holyer was unable to bear her secret and finally confessed to her husband. Measures looking to legal action were then taken, but Mr. Holyer was informed, by his attorneys, that he had not sufficient evidence to convict, as it was merely his wife's oath against that of a reputable physician. Mr. Holyer was then determined on vengeance, and asserted that he would procure a revolver and take the law into his own hands. He was persuaded not to attempt this, as it would only bring into his life additional sorrow and dread, and he was advised to secure the services of a detective and aim to secure convincing evidence against defendant. This advice was followed, and evidence was secured which was pronounced sufficient by the attorneys in charge. Desiring, if possible, to secure still more proof, Detective Lazarus came to Smith's Ferry on Tuesday night, and was concealed in an inner room of the homestead, adjoining the sitting room. Mrs. Holyer sent for Dr. Marshall and the latter came to his home on Wednesday morning, May 20th. Mrs. H. then engaged the physician in conversation, asking him questions which necessitated answers, and the detective was in such proximity that he caught both questions and answers with ease. Officer Tallon, of Beaver, was outside of the house at this time, and now came upon the porch, and, in conformity with signals prearranged between the detectives, Tallon entered the house as Lazarus made his appearance from the inner room, the latter at once serving the warrant upon Doctor Marshall, telling him that there was no use of denial, as he, Lazarus, had heard every word spoken during the interview. The doctor was taken to Beaver, where A. T. Anderson, engaged in the insurance business, became his bondsman. Attorney Dan Stone and ex-Judge Mecklem have been engaged to conduct the prosecution. Mr. Holyer is intensely in earnest, and will not compromise the case under any circumstances, but will push it to the bitter end, as he is convinced that his wife is more sinned against than sinning. Holyer has a host of friends in and around Smith's Ferry; in fact, I don't believe he has a single enemy in that community."

The above is the exact testimony given by a friend of the family, one who claims to be on the inside of the case. The NEWS REVIEW gives it for what it is worth, but asks that a fair minded public shall hold their verdict until the case has been heard, and the above statements proven or disproved. Doctor Marshall has a host of warm friends, and they will not believe the charges made unless backed by evidence which cannot be denied. This paper has no charge to make against either Mr. or Mrs. Holyer. But in a case where so much is at stake, nothing but absolute evidence will avail. As has been stated in an editorial in this paper today, the successful and prosperous physician is a bright and shining mark for the tongue of slander and shafts of malice, and the law will see to it that he is not made an easy victim. If Doctor Marshall is an innocent man, God speed him in his efforts to demonstrate the fact. If guilty, then he richly deserves to suffer.

BROTHERHOOD OF ST. ANDREW.

The Fourth Annual Convention to be Held at Gambier.

The fourth annual convention of the Brotherhood of St. Andrew, an organization of young men in the Episcopal church, will meet in Gambier, Saturday and Sunday, May 30 and 31. Many of the most prominent men, both of the clergy and laity, in the church will participate in the proceedings. Among the prominent speakers announced, are the Rt. Rev. W. A. Leonard, D. D., bishop of Ohio, and

the Rt. Rev. Boyd Vincent, D. D., bishop of southern Ohio; president-elect William F. Pierce, of Kenyon college; the Rev. Y. P. Morgan, of Dayton; Rev. A. T. Atwood, of Columbus; and Messrs. N. B. Thompson, of Cincinnati; Charles G. Reade, of Dayton; Thomas H. Walbridge, of Toledo; W. G. Benham, of Columbus; and W. L. Torrence, of Cleveland.

The subjects to be discussed will be alive with interest. There are about 60 chapters of the organization in Ohio with constant accessions. The historic associations connected with Gambier and the various schools there located will make it an occasion of unusual interest to thousands of churchmen in Ohio.

ELECTRIC LIGHTS

Will Be Placed in the Foundry of A. J. Boyce.

A. J. Boyce has purchased an induction motor for the purpose of supplying the foundry on Walnut street with electric light. The machine will be installed in the plant and an experiment made soon to test its capacity as a generator of the electric fluid. This is a new innovation in the city, and, although it is not generally known, enough power can be produced from an induction motor of this kind to operate the machinery of a large plant. A number of manufacturers of the city have considered the propriety of operating their works by this method in the past, but somehow or other the matter never got any farther.

ELECTION OF OFFICERS.

The Daughters of St. George Elect for the Ensuing Year.

White Rose lodge, No. 25, Daughters of St. George, elected officers on Wednesday night, May 20, as follows: Worthy president, Mrs. Anna Eardley; worthy vice president, Miss Annie Taylor; worthy first conductor, Mrs. Martha Greenwood; worthy financial secretary, Mrs. Susie Barlow; worthy recording secretary, Mrs. Charlotte Bostock; worthy treasurer, Miss Helen Lewis; worthy chaplain, Miss Lizzie Bridge; worthy second conductor, Mrs. Lizzie Clay; worthy inside guard, Miss Lizzie Eardley; worthy outside guard, Miss Eliza Harley. The organization is in a very flourishing condition, socially, numerically and financially.

BEER AND DRIVER

Were Both Pitched Out of the Wagon in a Runaway.

While William Kennedy was driving a horse, owned by a local wholesale liquor house, down Washington street yesterday afternoon, the lock on the wagon refused to work, and the heavy load forced the horse ahead at a more rapid gait, which finally caused the animal to run off. The driver was pitched out of the vehicle and received a cut in the hand and a badly bruised arm. There was a promiscuous scattering of kegs of beer in the wake of the fleeing horse, which was finally stopped on Second street. The only damage done was the accident that befell Kennedy, and the loss of the liquor.

BOAT CAPSIZED

And Spilled the Occupants Into the River.

Bert Allison and John Dorff, accompanied by two other companions, took a cruise on the river yesterday afternoon in a john boat. While near the center of the river, out from the wharf boat, they commenced to rock the craft, with the result that it capsized and the occupants were dumped into the river. The quartette stuck to the boat, and while swimming, propelled it to the shore. They were thoroughly drenched and presented a sorry looking spectacle as they walked through the streets.

The Only Inmate.

Nancy Burke, who was arrested Wednesday evening for being drunk and disorderly, was arraigned by the mayor this morning and fined \$5.00. Being without funds, she is still an inmate of the coop. Alonzo Swager, the train jumper, was released yesterday, after working out his fine cleaning the city hall.

Signed a Contract.

McGhie & Moore have just completed negotiations for the erection of an electric light plant at Sistersville. The contract was signed and closed Tuesday, and the work of building the plant will be commenced as soon as possible.

Secured the Contract.

The Wellsville Planning Mill company last night secured the contract for the erection of the Christian church at that point. Consideration, \$6,649.

SOME SPORTING NOTES

A Hot Game at West End Park Yesterday.

MERCER WINS ANOTHER ONE

The Eclipse Football Club Getting Ready for Practice--The Lineup for the Game Tomorrow--Toronto People Think They Have a Good Team.

The Young Men's Christian association team and the Champions crossed bats at the West End park yesterday afternoon, a large audience being present. The game was close from the start to the finish, and was lost by the Champions through the wildness of Colclough. Allison started to pitch the game for the Young Men's Christian association boys, but retired in the fourth inning in favor of Philip McShane, who pitched the game out. The score at the close showed 11 to 10 in favor of the Young Men's Christian association club. Batteries--Young Men's Christian association, Allison, McShane and McCurran; Champions, Colclough and Hanlon. The Young Men's Christian association team are a strong aggregation, and are thinking of issuing a challenge to play the Tombstones or some other team with a standard reputation.

Mercer won another game yesterday by the Washington team defeating Chicago by a score of 12 to 6. He has now pitched a game against every one of the western teams, with the exception of Louisville, and he pitched part of a game in that city, but had his finger split by a liner and was compelled to retire. The one team to the west that was able to defeat his team with him in the box was the St. Louis club, and Mercer pitched as due a game in that city as he has on the trip. The Chicago club secured 11 hits from his delivery yesterday, but Mercer as usual kept them well scattered.

The Tombstones would like to arrange a game with the Crescent club of Wellsville, the game to be played in this city, on the West End grounds, sometime during next week.

In speaking of the game at Chicago yesterday the Commercial says: "Mercer was invincible until the last two innings, when, after having his game secure, he let down, and seven of the 11 hits off him were bunched." He also kept up his good hitting record, and came out of the game with two hits to his credit.

The Eclipse football team this morning ordered 15 black turtle neck sweaters, with Eclipse across the front in red. Stockings, barred red and black were also ordered. The management of the club have about closed with one of Bethany's best football players, who graduates there this spring. The opening game will probably be changed from Sept. 26 to Oct. 15, as the bridge opens on that day. The game on the 26th will be played at Meadville with the Allegheny college team.

The makeup of the team for tomorrow's baseball game between East Liverpool and Seio college insures a good contest. Numerous offers have been received by several of the players to play with the surrounding town teams, but they prefer to remain at home. The game will be called at 3:45, and the boys will put up a contest that will be a credit to any city, as last week's game is a sample of what they can do, and they will undoubtedly rival the reputation of the old Eclipse before the season is over. The makeup is: Finch, catcher; McShane, pitcher; Kennedy, short; Heckathorne, first; Albright, second; Carey, third; Twaddle, left; McNutt, middle; Reark, right.

The Crackajacks will leave at 7 o'clock tomorrow morning for East Palestine. They will drive to that place.

The Toronto Tribune has the following to say: "Just wait until the Toronto Reds get a whirl at that crack Crocker City team; then the REVIEW will know who can play ball."

The Toronto team can get a chance at East Liverpool any time they want it, but as far as making any runs when the game comes off, that is a different matter. If they want a chance, why don't they come after it? They are aware, as well as are the majority of people, that East Liverpool has the strongest team in the Ohio valley, and are afraid to have their crack organization play them for fear that when they meet a good team there won't be anything left of the club to tell the tale. No, Mr. Tribune, we know who can play ball or we might have been trying to secure some Toronto players for the East Liverpool club, instead of getting the

best material in the Ohio valley. Nevertheless, we will give your club a trial, good treatment and lots of fun. Bring on your crack organization of tossers.

THE NELLIE ROBERTS

Struck a Rock at Wellsville and Had to be Abandoned.

There was fun galore on the river last night. Messrs. Brunt and Dyke invited a party of gentlemen friends to participate in an excursion down the stream in their pretty steam yacht, Nellie Roberts. The boat left the landing about 7 o'clock, and made the run to Wellsville in 20 minutes. With the exception of a small fire on the roof, which was promptly extinguished by Mate Dyke, all went well on the trip down.

The boat was not properly ballasted and a few hundred pounds were added in the person of Landlord Fuller, who got into the boat with difficulty, there being no derrick near at hand. The return trip was then begun, but the boat had not proceeded far when there was a grating sound and a sudden stop. Pandemonium reigned and a rush made for the life preservers. Captain Brunt at last succeeded in restoring the frightened party to quietness by assuring them that the water was only knee deep at that point. A distress signal was sounded and the entire population of Wellsville turned out on the river bank. Skiffs came to the assistance of the foundered yacht and it was towed to shore. Investigation revealed that the screw had struck a rock and was minus three paddles. The boat was then tied up and the party proceeded home by street car.

There are many conjectures as to the cause of the accident. Mate Dyke claims that Captain Brunt's white uniform was a Jonah, while others ascribe the disaster to unlucky 13, the number of the party. Christy Stewart said they struck a sea turtle, and that the craft was therefore a "turtle" wreck. He narrowly escaped punishment by being ducked in the river. The boat will be towed to the local docks today and gotten in readiness for another trip.

TO PAVE AVONDALE.

From Present Indications the Work Will be Done.

There remains but two or three persons, property owners, on Avondale street, who have not as yet attached their signature to the waiver being circulated by Councilman Challis, agreeing to forego rights in order that the paving of the street may become an assured fact. The property owners are, practically speaking, a unit in desiring that this improvement of the street be made, and much credit is due to Councilman Challis, who has worked so indefatigably to bring about this result.

The improvement would work wonders, and the deplorable condition that the street is always in after a heavy rain would be done away with, and the thoroughfare be transformed into an avenue of beauty that would be eagerly sought after as a point of location. The value of property would also be considerably enhanced, thus outbalancing the expenditures of the improvements.

ARE GETTING TIRED.

People Continue to Haul Garbage Without a Permit.

Some of the people who are hauling garbage do not seem to pay any attention to the order recently issued by the health authorities that they must have a permit to do so, but continue to haul the garbage as heretofore. The sanitary policeman and health officer have become tired of this, and instead of spending any more time notifying them to get a permit, they will place a charge against the first man that is found without one, and let him pay a fine for not heeding the warning. It would not be so bad if a great many of the people who haul garbage knew where to dump it, but they seem to think that anywhere along the river bank will do.

WERE REPRIMANDED

For Bathing Attired in Nature's Garments Only.

Three boys were brought to the city hall yesterday afternoon by Officer Earl. The lads were bathing in the Ohio at the East End and were clothed only in the garb of nature when placed under arrest. The lads were severely reprimanded by Mayor Gilbert and finally permitted to go, after each had given a solemn promise not to repeat their actions again. All lads should take warning from the above, as the practice of bathing within the corporate limits without being properly attired is punishable with a penalty.

THE NEW YORK TRADE

Business is Extremely Dull in the Big Market.

A RESUME OF CROCKERY IMPORTS

Show an Enormous Increase, With Germany Far in the Lead--The White Granite Association Maintain Their Prices Without Deviation.

With trade so extremely dull as it is throughout all branches, there is nothing of a particularly cheering nature to be said of the crockery and glassware business at this time. With the advent of the summer months there will be even less activity than there has been, and generally, it may be said that the trade is holding on to what it has, and is patiently waiting the revival that is expected with the settlement of the political controversies of the day.

Tableware men are doing a fair trade, the times considered. The retailers are sending in some good orders and there is promise of a steady demand in this line from this time onward. Specialties are being well received, and factories that have banked on a good summer demand will find themselves well cleaned out by the end of the season.

Delit ware seems to have taken to itself a new lease of life. Effective displays made up wholly of this ware, set off by blue and white draperies, are features of several of the Broadway and Fifth avenue stores. The combination of colors suggests coolness and perhaps for this reason the ware is meeting with a brisk demand for the embellishment of country residences.

A resume of earthenware imports shows that every exporting country from which these goods are shipped, has increased its exports without a single exception. The imports have increased during the eight months ending March 31, \$6,616,130 to \$8,280,378, or \$1,664,248 worth, as compared with the previous year. It is undoubtedly true that a very large portion of the imported ware consists of specialties which do not in any way interfere with any like article made in the United States, but it is nevertheless certain that a very large amount of goods are being imported at prices at which American potters find it impossible to compete.

England increased her exports \$450,416; Austria-Hungary, \$115,406; France, \$240,768; Japan, \$163,773, and Germany, \$579,971. Japan, it will be seen, has more than doubled her exports. England has increased hers nearly half a million dollars, France was satisfied with an increase of nearly a quarter of a million, while Germany forges ahead of all her industrial competitors, and goes far above the half million dollar mark. The increase of \$1,617,902 worth of decorated and ornamented ware is most remarkable, and ought to arouse American potters to the rapid inroads being made on these lines by European manufacturers.

White Granite Manufacturers' association has been materially strengthened recently, prices are being firmly maintained, and there is not the least prospect of there being a break in the market or cutting of prices being resorted to. The instructions to white granite salesmen are to stick by the established list without deviation.

ANONYMOUS COMMUNICATIONS.

A Writer Requests That We Resurrect a Sensation.

We are in receipt of a communication, headed "A Sensation," concerning an episode on a steamer last March, but as the matter has blown over and the participants are not in the city, we don't think it would be of interest to the public. The writer is evidently the same as mentioned in a recent issue as signing his or her name "A Friend of the Troubled," as the writing is identical. While we are referred to a lady living on Market street as a source of information, the writer does not reveal identity. No attention will be paid to anonymous correspondence.

HIS SNAKESHIP

Seen in the Straw, and After a Chase, Killed With a Stick.

The packers of Knowles, Taylor & Knowles discovered a snake among the straw yesterday afternoon and made an attempt to capture his snakeship. The task was no easy one, however, and the wily reptile succeeded in eluding his pursuers for some time, until Herbert Smith, one of the employees, got close enough to the snake to give it a sharp blow with a stick, killing it. Where the snake came from is a mystery.

HOLYER VS. MARSHALL

The Plaintiff Claims Convincing Proof.

THE CUTE DETECTIVE DODGE

One Who Claims to Be Posted Tells His Story, and Claims That Detective Lazarus Will Prove Dangerous Witness Against the Doctor—The Physician Declares His Innocence and Is Doing No Talking—His Friends Do Not Believe Him Guilty.

The NEWS REVIEW has no desire to deal in sensationalism, and gives the following as a matter of news, cutting it from a source which should be absolute authority. It is given to the public just as received, as follows:

The makeup of the team for tomorrow's baseball game between East Liverpool and Scio college insures a good contest. Numerous offers have been received by several of the players to play with the surrounding town teams, but they prefer to remain at home. The game will be called at 3:45, and the boys will put up a contest that will be a credit to any city, as last week's game is a sample of what they can do, and they will undoubtedly rival the reputation of the old Eclipse before the season is over. The makeup is: Finch, catcher; McShane, pitcher; Kennedy, short; Heckathorne, first; Albright, second; Carey, third; Twaddle, left; McNutt, middle; Beark, right.

The Crackjacks will leave at 7 o'clock tomorrow morning for East Palestine. They will drive to that place.

The Toronto Tribune has the following to say: "Just wait until the Toronto Reds get a whirl at that crack Crockery City team; then the REVIEW will know who can play ball."

The Toronto team can get a chance at East Liverpool any time they want it, but as far as making any runs when the game comes off, that is a different matter. If they want a chance, why don't they come after it? They are aware, as well as are the majority of people, that East Liverpool has the strongest team in the Ohio valley, and are afraid to have their crack organization play them for fear that when they meet a good team there won't be anything left of the club to tell the tale. No, Mr. Tribune, we know who can play ball or we might have been trying to secure some Toronto players for the East Liverpool club, instead of getting the

best material in the Ohio valley. Nevertheless, we will give your club a trial, good treatment and lots of fun. Bring on your crack organization of tossers.

THE NELLIE ROBERTS

Struck a Rock at Wellsville and Had to be Abandoned.

There was fun galore on the river last night. Messrs. Brunt and Dyke invited a party of gentlemen friends to participate in an excursion down the stream in their pretty steam yacht, Nellie Roberts. The boat left the landing about 7 o'clock, and made the run to Wellsville in 20 minutes. With the exception of a small fire on the roof, which was promptly extinguished by Mate Dyke, all went well on the trip down.

The boat was not properly ballasted and a few hundred pounds were added in the person of Landford Fuller, who got into the boat with difficulty, there being no derrick near at hand. The return trip was then begun, but the boat had not proceeded far when there was a grating sound and a sudden stop. Pandemonium reigned and a rush made for the life preservers. Captain Brunt at last succeeded in restoring the frightened party to quietness by assuring them that the water was only knee deep at that point. A distress signal was sounded and the entire population of Wellsville turned out on the river bank. Skiffs came to the assistance of the foundered yacht and it was towed to shore. Investigation revealed that the screw had struck a rock and was minus three paddles. The boat was then tied up and the party proceeded home by street car.

There are many conjectures as to the cause of the accident. Mate Dyke claims that Captain Brunt's white uniform was a Jonah, while others ascribe the disaster to unlucky 13, the number of the party. Christy Stewart said they struck a sea turtle, and that the craft was therefore a "turtle" wreck. He narrowly escaped punishment by being ducked in the river. The boat will be towed to the local docks today and gotten in readiness for another trip.

TO PAVE AVONDALE.

From Present Indications the Work Will be Done.

There remains but two or three persons, property owners, on Avondale street, who have not as yet attached their signature to the waiver being circulated by Councilman Challis, agreeing to forego rights in order that the paving of the street may become an assured fact. The property owners are, practically speaking, a unit in desiring that this improvement of the street be made, and much credit is due to Councilman Challis, who has worked so indefatigably to bring about this result.

The improvement would work wonders, and the deplorable condition that the street is always in after a heavy rain would be done away with, and the thoroughfare be transformed into an avenue of beauty that would be eagerly sought after as a point of location. The value of property would also be considerably enhanced, thus outbalancing the expenditures of the improvements.

ARE GETTING TIRED.

People Continue to Haul Garbage Without a Permit.

Some of the people who are hauling garbage do not seem to pay any attention to the order recently issued by the health authorities that they must have a permit to do so, but continue to haul the garbage as heretofore. The sanitary policeman and health officer have become tired of this, and instead of spending any more time notifying them to get a permit, they will place a charge against the first man that is found without one, and let him pay a fine for not heeding the warning. It would not be so bad if a great many of the people who haul garbage knew where to dump it, but they seem to think that anywhere along the river bank will do.

WERE REPRIMANDED

For Bathing Attired in Nature's Garments Only.

Three boys were brought to the city hall yesterday afternoon by Officer Earl. The lads were bathing in the Ohio at the East End and were clothed only in the garb of nature when placed under arrest. The lads were severely reprimanded by Mayor Gilbert and finally permitted to go, after each had given a solemn promise not to repeat their actions again. All lads should take warning from the above, as the practice of bathing within the corporate limits without being properly attired is punishable with a penalty.

THE NEW YORK TRADE

Business is Extremely Dull in the Big Market.

A RESUME OF CROCKERY IMPORTS

Show an Enormous Increase. With Germany Far in the Lead—The White Granite Association Maintains Their Prices Without Deviation.

With trade so extremely dull as it is throughout all branches, there is nothing of a particularly cheering nature to be said of the crockery and glassware business at this time. With the advent of the summer months there will be even less activity than there has been, and generally, it may be said that the trade is holding on to what it has, and is patiently waiting the revival that is expected with the settlement of the political controversies of the day.

Tableware men are doing a fair trade, the times considered. The retailers are sending in some good orders and there is promise of a steady demand in this line from this time onward. Specialties are being well received, and factories that have banked on a good summer demand will find themselves well cleaned out by the end of the season.

Deft ware seems to have taken to itself a new lease of life. Effective displays made up wholly of this ware, set off by blue and white draperies, are features of several of the Broadway and Fifth avenue stores. The combination of colors suggests coolness and perhaps for this reason the ware is meeting with a brisk demand for the embellishment of country residences.

A resume of earthenware imports shows that every exporting country from which these goods are shipped, has increased its exports without a single exception. The imports have increased during the eight months ending March 31, \$6,616,130 to \$8,280,378, or \$1,664,248 worth, as compared with the previous year. It is undoubtedly true that a very large portion of the imported ware consists of specialties which do not in any way interfere with any like article made in the United States, but it is nevertheless certain that a very large amount of goods are being imported at prices at which American potters find it impossible to compete.

England increased her exports \$450,416; Austria-Hungary, \$115,406; France, \$240,768; Japan, \$163,773, and Germany, \$579,971. Japan, it will be seen, has more than doubled her exports. England has increased hers nearly half a million dollars, France was satisfied with an increase of nearly a quarter of a million, while Germany forges ahead of all her industrial competitors, and goes far above the half million dollar mark. The increase of \$1,617,992 worth of decorated and ornamented ware is most remarkable, and ought to arouse American potters to the rapid inroads being made on these lines by European manufacturers.

White Granite Manufacturers' association has been materially strengthened recently, prices are being firmly maintained, and there is not the least prospect of there being a break in the market or cutting of prices being reported to. The instructions to white granite salesmen are to stick by the established list without deviation.

ANONYMOUS COMMUNICATIONS.

A Writer Requests That We Resurrect a Sensation.

We are in receipt of a communication, headed "A Sensation," concerning an episode on a steamer last March, but as the matter has blown over and the participants are not in the city, we don't think it would be of interest to the public. The writer is evidently the same as mentioned in a recent issue as signing his or her name "A Friend of the Troubled," as the writing is identical. While we are referred to a lady living on Market street as a source of information, the writer does not reveal identity. No attention will be paid to anonymous correspondence.

HIS SNAKESHIP

Seen in the Straw, and After a Chase, Killed With a Stick.

The packers of Knowles, Taylor & Knowles discovered a snake among the straw yesterday afternoon and made an attempt to capture his snakeship. The task was no easy one, however, and the wily reptile succeeded in eluding his pursuers for some time, until Herbert Smith, one of the employees, got close enough to the snake to give it a sharp blow with a stick, killing it. Where the snake came from is a mystery.

Of Ohio.

SHAM HOLINESS

The individual who makes claim to the possession of holiness, and yet fails to make even an attempt to settle grocery bills, is a whitened sepulcher, full of dead men's bones and all manner of nastiness. The true Christian is always honest, and will do all in his or her power to pay honest debts. The sickening attempt at argument which says, "If the Lord wants me to pay that bill, He will give me the means to do it," is simply rot and sacrilege, when the user of it refuses to work when work is offered him, and he should be sent to one of two places—the infirmary or the workhouse.

THE MINISTER.

The minister of the gospel who caters to wealth and position, and who is willing to hurt the humble members of his congregation at the wish or command of men or women possessing money, for the gratification of petty spite on the part of the latter, is not a true follower of the meek and lowly Nazarene, and is absolutely unfit to occupy a pulpit and preach Christ and Him crucified, and the sooner such a preacher vacates his pulpit and seeks some other vocation, better suited to his lack of true manhood, principle and Christianity, the better it will be for the community in which he resides, and much better for the congregation over which he presides.

THE BIBLE.

It is the book of books. It is an educator for time and for eternity. It teaches that men and women shall live honest, pure and truthful lives. It teaches that the workman shall give an honest day's labor to his employer. It teaches that the employer shall give his workmen just remuneration for their labor. It teaches that the Right shall prevail and the Wrong shall be forced to the wall. It is the word of God, and the community which holds it in reverence, and uses and advocates its use, shall be blessed by the Giver of all good and perfect gifts. It is the book which will bring blessings to our public schools, and East Liverpool may well rejoice that her voters appreciate this fact, and have demonstrated it by their ballots. The "Gem" idea is a false and pernicious one, a dodge of the father of all evil, and it cannot control in this city.

THE PHYSICIAN.

His position in life is one of great and peculiar danger. The law recognizes this fact, and the unsupported word of a woman against him is taken with due degrees of allowance in the presence of judge and jury. Cases have been known where women have made serious charges against the family physician, and it has been demonstrated, by and through the testimony of loved ones of the prosecutrix, that said charges were absolutely without foundation and that the physician was, in so far as that one particular case was concerned, as innocent as a child. And yet, owing to certain conditions of health and peculiar surroundings, the prosecutrix was honest and truthful in her charges, and believed that a serious crime had been committed against her. The physician's position is an honored one. He must, of necessity, be fully trusted, and his life should be pure and clean. It is the bounden duty of the profession, as a matter of self protection, to see to it that men of evil and unclean life, associated with the profession, are not upheld and supported by members of the profession. It is also their bounden duty to stand by one another against evilly disposed men and women, of the blackmailing class, until indisputable evidence is given that the honored member of their profession has been proven to be a base and guilty man.

C. A. Smith purchased a large draught horse here yesterday and had the animal shipped to Midway, Pa.

THE AMUSEMENT QUESTION.

Lively Debate Expected Again In the M. E. General Conference.

CLEVELAND, May 22.—The Methodist general conference devoted the entire session to the election of secretaries and to the fixing of episcopal residences.

There is promise of a contest when the committee on judiciary makes a report on the proposed change in the discipline with respect to prescribed amusements. The action of the committee in deciding to submit a majority report, declaring that the part of the discipline which prohibits attendance at parties, cardplaying and other amusements of that nature to be unconstitutional is certain to provoke a spirited debate, for the conference at Wednesday's session refused to strike out that part of the discipline. There is a feeling among many delegates that the rule is a dead letter, for the reason that it is not obeyed, while others are opposed to it because it does not include many amusements which are classed as sinful along with cardplaying, dancing and theatergoing. There will be a minority report.

The church extension committee decided to ask the conference to instruct the bishops to appoint four of their own number and one man from each of the 14 general conference districts to a board of directors for the proposed insurance company for the care of church property.

Chicago, Kansas City, Saratoga and Ocean Grove each want the next general conference. The committee on location decided to visit each of these cities and make a personal investigation as to facilities.

The consecration of bishops will occur Thursday at 11 a. m.

Dr. A. J. Kynett and Dr. W. A. Spencer were elected corresponding secretaries of the Church Extension society.

Dr. Smith was elected as third secretary of the Missionary society.

Dr. J. C. Hartzell and Dr. J. W. Hamilton were re-elected secretaries of the Freedmen's Aid society and Dr. R. F. Rust was made an honorary secretary.

These cities were named for episcopal residences: Boston, New York, Buffalo, Washington, Chattanooga, New Orleans or Fort Worth, Cincinnati, Detroit, Chicago, St. Louis, Topeka or Omaha, Minneapolis, Denver and Los Angeles. The approval of Portland, Or., was not decided.

A VICTORY FOR SILVER.

Controller Eckels' Visit Home Evidently of No Effect.

OTTAWA, Ills., May 22.—John P. Altgeld for governor and free silver were the instructions given to the delegates selected at the La Salle county convention here to attend the state convention. Attorney General Moloney presided as chairman.

La Salle is Comptroller Eckels' home county and interest was added to the convention by the fact that the comptroller recently visited Ottawa, being reported to have come to Illinois in the interest of the gold standard campaign.

Kruger Promises Kind Treatment.

LONDON, May 22.—The secretary of state for the colonies, Joseph Chamberlain, in the house of commons, said he had received a telegram to the effect that President Kruger has promised that special jail regulations will be framed and made applicable to the Johannesburg reform prisoners, and that proper accommodations will be provided.

Bedouin Outrages Paid For.

CONSTANTINOPLE, May 22.—The British, French and Russian embassies here have each received checks for £10,000 as indemnity for the outrages at Jiddah in May last, when the British consul and vice consul, the Russian acting consul, and the French consular secretary were attacked and shot by Bedouins outside the town.

To Study Fur Sealing.

LONDON, May 22.—The under secretary of state for foreign affairs, Mr. George N. Curzon, in the house of commons, said that with the co-operation of Canada and the United States two professors of natural history will proceed to the Behring sea in order to study the fur sealing industry.

Wrecked by a Gas Explosion.

COFFEYVILLE, Kan., May 22.—A gas explosion has wrecked two two-story buildings in the center of the city, causing the instant death of David Carter, the fatal injury of Matt Atkinson and Eliza Parsley, colored, and the wounding, more or less seriously, of 13 others.

Railroad Meeting at Youngstown.

YOUNGSTOWN, O., May 22.—The annual meeting of stockholders of the Pittsburgh, Youngstown and Ashtabula Railroad company has been held here. The report of the president shows: Net income for the year, \$686,192.46. Deducting from this expenditures for improvement of road and interest paid on outstanding bonds, a balance of \$444,695.54 was transferred to the credit of profit and loss. Bonds amounting to \$310,000 were paid during the year. The company has no floating indebtedness.

The directors elected the following officers: President, John N. Hutchinson, Philadelphia; secretary, Sidney B. Liggett, Pittsburgh; treasurer, T. H. B. McKnight, Pittsburgh.

Wooster's President Going Abroad.

WOOSTER, O., May 22.—At the world's council of churches to be held in Glasgow, commencing June 17, Rev. Dr. Sylvester F. Scovel, president of the University of Wooster, will be present as commissioner from the Presbyterian church of the United States. He will also attend the fiftieth anniversary of the foundation of the World's Evangelical Alliance in London, June 30, as an American delegate. This will necessitate his leaving before commencement exercises, but he will deliver the baccalaureate sermon to the graduating class several weeks earlier.

Watson's Private Secretary Not Dying.

IRONTON, O., May 22.—The reports which have gone out from Columbus to the effect that Congressman D. K. Watson of Columbus, is dying here, are greatly exaggerated. Mr. Cooper has been afflicted with a glandular affection of the neck, and came here with his wife from Washington, about three weeks ago, and has been under treatment, but he is getting better. He has not been afflicted with blood poisoning as has been reported.

Ohio Egg Dealers Aroused.

Hudson, Mich., May 22.—At a secret meeting of the Tri-State Butter, Egg and Poultry association of Michigan, Ohio and Indiana, held here, the association voted to build an anti-trust strawboard and filler case factory to manufacture its own cases. The filler trust, however, was given time to submit new propositions as to prices, which the association people claim are exorbitant.

Arrested For Bigamy.

PORTSMOUTH, O., May 22.—Albert Zornes, John Hurst and Joseph Glasgo were granted divorces at the last term of court, conditional upon the payment of the costs. Immediately upon hearing the decrees announced they went straightway and married again; but they failed to pay the costs in the cases, and as a result have been arrested for bigamy.

Friend of Lincoln and Douglas.

LOS ANGELES, Cal., May 22.—Harry Lewis Bryant, a prominent resident of this city, is dead. Mr. Bryant was an intimate friend of President Lincoln and Stephen A. Douglas. He was a cousin of William Cullen Bryant.

Vigorous Action by American Consul.

HAYRE, May 22.—Considerable excitement has been caused here by the action of the American consul in preventing the shipment of a cargo of cattle destined for the United States.

WITHROW MODERATOR

Two Surprises at the Presbyterian General Assembly.

THE NEW OFFICIAL IS LIBERAL.

He Makes a Startling Departure Right In the Beginning—The Retiring Moderator Pleads For a Reconciliation of Factions—Business of the Assembly.

SARATOGA, May 22.—The Presbyterian general assembly has brought with it two surprises. The proposal in the retiring moderator's sermon for a conference to arrange and pacify the differences which have troubled the denomination during recent years was the first. The second was the election on the first ballot by a handsome majority of the man who has been regarded as the candidate of the liberal party.

When the contest for moderator commenced Dr. Francis C. Monfort of Cincinnati, editor of The Herald and Presbyterian, was nominated by Dr. Thomas H. Clelland of Duluth and was seconded by Colonel Alexander Ketchum of New York. The name of Dr. David R. Breed of Pittsburgh was presented by Rev. William H. Hubbard of Auburn, N. Y., and seconded by Hon. S. J. R. McMillan of St. Paul. Dr. John R. Davies of New York made a strong speech in the interest of Dr. John L. Withrow of Chicago and was seconded by Dr. William P. Kane of Bloomington, Ind., and Dr. V. D. Reed of Philadelphia. The result of the ballot was: Withrow, 315; Breed, 163, and Monfort, 84. The election was then made unanimous.

The newly elected moderator was given a gavel which had been provided by the local association of the Daughters of the Revolution. It is of wood which grew on the field where Burgoyne surrendered, and was made by a coxswain of Admiral Farragut's flagship. Dr. Withrow, the new moderator, instituted a new departure at once. One of the most arduous duties of a newly elected moderator is in the appointment of numerous committees, upon one of which every commissioner finds a place. It has been customary to ask the advice of the clerks and of a few prominent commissioners. Dr. Withrow called for a meeting of two representatives from each presbytery with whom he might advise in the matter, and the result of the experiment is awaited with interest.

Some interest was aroused by the publication of a dispatch from Mr. Kingsley, treasurer of Union seminary, stating that Prof. Henry P. Smith, who was suspended by the general assembly of 1894, is to deliver a course of lectures at the seminary during the next year.

In closing his sermon the retiring moderator, Dr. Booth, spoke of the misunderstandings and conflicts which have divided the church and hindered its work. He deprecated any work or act which might aggravate present troubles. He said: "On one hand there are charges of undue severity in the administration of discipline coupled with a plea for liberty within certain limits, which, up to this time, have not been defined. On the other hand there is a fear or conviction that essential truths are at stake and a belief that the church is contending for honor and life in the stand which she has recently taken in her discipline and deliverances. To many of us this controversy has been inexpressibly painful, and there can be no doubt that it has materially interfered with our financial prosperity. It adds to the painfulness of the present condition that no real effort has hitherto been put forth to secure a removal of these misunderstandings by brotherly conference and arbitration of differences."

"It may be a dream; it may be a delusion," said the preacher, "but speaking as it were for the last time in such a place of public authority I appeal to the sound Christian sense of this venerable assembly to take some proper measures to ascertain what it is that divide us and what is required for the abatement of strife and a reconciliation of parties at variance."

TO REVISE THE DISCIPLINE.

Naming of a Committee Recommended In the M. P. Conference.

KANSAS CITY, May 22.—In calling the Methodist Protestant conference to order at Kansas City, Kan., President Hering urged the delegates to "cease useless debate and get down to actual work. The report of the committee of revision was taken up and its chairman, Rev. J. T. Murray of Maryland, introduced a resolution providing for the appointment of a committee of seven to serve four years, whose duties shall be to revise the "discipline" and report at the next quadrennial conference.

All amendments proposed hereafter are to be referred to this committee. The committee then reported upon several amendments previously introduced. Among them was one sanctioning immersion in baptism. An important recommendation was that the publication of a new hymn book. President Hering was recommended as chairman of a committee to prepare it.

The old directors of the Baltimore publishing house, with the exception of Nathan Jones and F. K. Brown, were placed in nomination for re-election. V. H. Siviter and John Scott, both of Pittsburgh, were named as successors of Jones and Brown.

The question of the place of holding the quadrennial conference was left to a special committee. Invitations have been received from Canton, O., and Birmingham, Ala.

During a discussion of church discipline a resolution was introduced and adopted prohibiting "unholy excursions" on the Sabbath. The rule prohibits indulgence on excursions by train, boat, carriage or bicycle.

The conference Wednesday elected Dr. M. L. Jennings of Michigan editor of The Methodist Recorder, published at Pittsburgh, over Rev. G. S. Shepherd of Pittsburgh, who was his strongest opponent. Rev. J. F. Cowan of West Virginia, was elected editor of the Sunday school literature of the church. Editor F. T. Tagg of The Methodist Protestant, published at Baltimore, was re-elected for four years, as also were Rev. C. G. Osburn, traveling secretary of the board of foreign missions, and Rev. J. C. Bowen, corresponding secretary of the board of ministerial education.

THE BUFFALO DISASTER.

Three Killed, Two Missing and a Number Hurt by Falling Walls.

BUFFALO, May 22.—The collapse of the Seneca street side of the Brown building, formerly occupied by the Western Union supposed to have been caused by the removal of too many supporting columns, before the new ones were placed in position, while the building was being repaired. The heavy wall crashed into George Sehner's barbershop.

The dead are: George Metz, cashier in Sehner's barbershop; unidentified workman.

William P. Straub, contractor, and Thomas James, carpenter, are missing and are believed to be buried in the ruins.

There are thought to be four bodies altogether in the ruins. The injured are: George Sehner, proprietor of the wrecked barbershop, hands cut and body bruised; John C. Langdon, barber, scalp wounds; Jacob Richmond, barber, internal injuries, may die; S. L. Hawk, fractured skull, will likely die; James Adams, back and legs bruised; Michael O'Brien, sprained back; Robert Cassler, plumber, badly internally injured; Jacob Rickman, bruised and internally injured, may die; Frank Rickman, badly bruised, serious; William Kuppinger, internally injured, case serious; Michael Schultz, workman, internally injured; Joseph Bouley, plasterer, injured internally, serious.

OSAGE RESERVATION SWEEP.

A Cyclone Does Great Damage In Oklahoma Territory.

GUTHRIE, O. T., May 22.—A terrific cyclone has passed through the Osage reservation devastating farms and ranches, and it is rumored, killing a number of people.

The storm was general over the territory and was the worst on record. Small cyclones are reported from Norman, Edmund, White Eagle and Perkins with much destruction of property. Hundreds of cattle were killed.

Three Fatally Injured.

ECKERLY, Ind., May 22.—The boiler in the Davidson brothers' sawmill, near Marietta, has exploded. There were three fatalities: Eunice Davidson, 11 years old; Thomas Davidson, one of the proprietors, and Frank Batran.

Gail Hamilton Ill Again.

SALEM, Mass., May 22.—Miss Abigail Dodge (Gail Hamilton) has been taken suddenly ill with an attack similar to that which caused her protracted illness at Washington about a year ago.

TO BEAT HARRISON.

This Was Why Quay Came Out For President.

WANTS TO BE NATIONAL CHAIRMAN.

A Washington Paper Says It Is the Object of the Proposed Trip to See McKinley—Will Start Today or Tomorrow For Canton.

WASHINGTON, May 22.—It is possible that Senator Quay may leave for his home today or tomorrow.

General Clarkson of Iowa and W. H. Andrews of Pennsylvania have had a conference with the senator.

The kindest expressions regarding Senator Quay are heard from the friends of Mr. McKinley. Nothing seems to have afforded them so much satisfaction as the announcement that he is going to Canton to talk with Mr. McKinley on the financial situation.

They believe that when the senator returns he will be able to quiet all suspicion and doubt that has been expressed regarding Major McKinley's attitude with regard to sound money. There is no doubt expressed by the McKinley people that Mr. Quay will receive a satisfactory answer to all inquiries he may make at Canton.

The Evening Star, which is generally considered very favorable to the McKinley campaign, thinks it has discovered the reason for Senator Quay's visit to Canton. It states that the senator desires once more to be chairman of the national committee, and that he desires to discuss the matter with McKinley.

The article says that the senator feels he was unjustly forced out of the Harrison contingent and his scheme all along has been to get back again. At first General Harrison looked up as the probable nominee. He joined, therefore, in the effort to divide up the vote as much as possible by the favorite son maneuver and became a favorite himself. Then came the withdrawal of General Harrison and the forging ahead of Mr. McKinley, and now Mr. Quay is on the eve of starting for Canton to confer with the man whom nearly everybody expects to see the nominee of the St. Louis convention.

SILVER AND UNIT RULE.

A Pronounced Stand Taken by Wyoming Democratic Convention.

LARAMIE, Wyo., May 22.—The Democratic state convention was controlled entirely by the free silver element of the party and adopted a platform of one plank embodying the most advanced views in favor of that policy. The unit rule was adopted. The committee on resolutions adopted the following platform, which was unanimously adopted by a rising vote:

Whereas, The paramount issue before the American people is the currency question, therefore, be it Resolved, That we, the Democracy of Wyoming, in convention assembled, demand the free and unlimited coinage of silver and gold into primary redemption money, the ratio of 16 to 1 without waiting for the action or approval of any other government.

The following delegates to the Chicago convention were chosen: C. W. Brannel, Albany county; Robert Foote, Johnson county; T. Dyer, Laramie; M. L. Blake, Sheridan; J. M. Osborne, Carbon; J. W. Sammons, Uintah.

Selected Gold Delegates.

ABERDEEN, S. D., May 22.—The Democratic state convention has selected delegates to Chicago. All are known to be gold standard men.

Cumberland Presbyterian Assembly.

BIRMINGHAM, Ala., May 22.—Rev. A. W. Hawkins of Decatur, Ills., is moderator of the sixty-sixth annual general assembly of the Cumberland Presbyterian church. He got 101 votes, and

Rev. H. I. Bird of Uniontown, Pa., Dr. J. M. Hubbard of Lebanon, Tenn., was elected stated clerk.

To Improve Southern Insane Hospital.

DAYTON, O., May 22.—The trustees of the Southern Ohio Hospital for the Insane are discussing the expenditure of \$10,000 in sanitary improvements, and the propriety of constructing a separate building to be used as a morgue. The board asked for an appropriation of \$150,000 but was granted \$145,000. The building will be repainted.

Howell Predicts a Democratic Revolt If Silver Is Ignored.

ATLANTA, May 22.—After a speech here by Congressman Bailey of Texas for free silver, Evan P. Howell made a speech in which he said: "The Republicans are going to meet in St. Louis on the 16th of June and nominate McKinley on a gold platform. On the 7th of July the Democrats will go to Chicago, and with the assistance of delegates from Republican states who never gave a vote in the electoral college will try to force a gold bug upon us. But will they do it?"

"We have got this fight won in Georgia," he continued, "and on the 6th of June we are going to send delegates to the state convention, who will in turn elect a delegation to go to Chicago, and if they cannot get what we want there we will walk out and go off and form a party of our own."

For President,
WILLIAM MCKINLEY,
OF Ohio.

SHAM HOLINESS

The individual who makes claim to the possession of holiness, and yet fails to make even an attempt to settle grocery bills, is a whitened sepulcher, full of dead men's bones and all manner of nastiness. The true Christian is always honest, and will do all in his or her power to pay honest debts. The sickening attempt at argument which says, "If the Lord wants me to pay that bill, He will give me the means to do it," is simply rot and sacrilege, when the user of it refuses to work when work is offered him, and he should be sent to one of two places—the infirmary or the workhouse.

THE MINISTER.

The minister of the gospel who caters to wealth and position, and who is willing to hurt the humbler members of his congregation at the wish or command of men or women possessing money, for the gratification of petty spite on the part of the latter, is not a true follower of the meek and lowly Nazarene, and is absolutely unfit to occupy a pulpit and preach Christ and Him crucified, and the sooner such a preacher vacates his pulpit and seeks some other vocation, better suited to his lack of true manhood, principle and Christianity, the better it will be for the community in which he resides, and much better for the congregation over which he presides.

THE BIBLE.

It is the book of books. It is an educator for time and for eternity. It teaches that men and women shall live honest, pure and truthful lives. It teaches that the workman shall give an honest day's labor to his employer. It teaches that the employer shall give his workmen just remuneration for their labor. It teaches that the Right shall prevail and the Wrong shall be forced to the wall. It is the word of God, and the community which holds it in reverence, and uses and advocates its use, shall be blessed by the Giver of all good and perfect gifts. It is the book which will bring blessings to our public schools, and East Liverpool may well rejoice that her voters appreciate this fact, and have demonstrated it by their ballots. The "Gem" idea is a false and pernicious one, a dodge of the father of all evil, and it cannot control in this city.

THE PHYSICIAN.

His position in life is one of great and peculiar danger. The law recognizes this fact, and the unsupported word of a woman against him is taken with due degrees of allowance in the presence of judge and jury. Cases have been known where women have made serious charges against the family physician, and it has been demonstrated, by and through the testimony of loved ones of the prosecutrix, that said charges were absolutely without foundation and that the physician was, in so far as that one particular case was concerned, as innocent as a child. And yet, owing to certain conditions of health and peculiar surroundings, the prosecutrix was honest and truthful in her charges, and believed that a serious crime had been committed against her. The physician's position is an honored one. He must, of necessity, be fully trusted, and his life should be pure and clean. It is the bounden duty of the profession, as a matter of self protection, to see to it that men of evil and unclean life, associated with the profession, are not upheld and supported by members of the profession. It is also their bounden duty to stand by one another against evilly disposed men and women, of the blackmailing class, until indisputable evidence is given that the honored member of their profession has been proven to be a base and guilty man.

THE AMUSEMENT QUESTION.

Lively Debate Expected Again in the
M. E. General Conference.

CLEVELAND, May 22.—The Methodist general conference devoted the entire session to the election of secretaries and to the fixing of episcopal residences.

There is promise of a contest when the committee on judiciary makes a report on the proposed change in the discipline with respect to prescribed amusements. The action of the committee in deciding to submit a majority report, declaring that the part of the discipline which prohibits attendance at parties, cardplaying and other amusements of that nature to be unconstitutional is certain to provoke a spirited debate, for the conference at Wednesday's session refused to strike out that part of the discipline. There is a feeling among many delegates that the rule is a dead letter, for the reason that it is not obeyed, while others are opposed to it because it does not include many amusements which are classed as sinful along with cardplaying, dancing and theatergoing.

There will be a minority report. The church extension committee decided to ask the conference to instruct the bishops to appoint four of their own number and one man from each of the 14 general conference districts to a board of directors for the proposed insurance company for the care of church property.

Chicago, Kansas City, Saratoga and Ocean Grove each want the next general conference. The committee on location decided to visit each of these cities and make a personal investigation as to facilities.

The consecration of bishops will occur Thursday at 11 a. m. Dr. A. J. Kynett and Dr. W. A. Spencer were elected corresponding secretaries of the Church Extension society. Dr. Smith was elected as third secretary of the Missionary society.

Dr. J. C. Hartzell and Dr. J. W. Hamilton were re-elected secretaries of the Freedmen's Aid society and Dr. R. F. Rust was made an honorary secretary.

These cities were named for episcopal residences: Boston, New York, Buffalo, Washington, Chattanooga, New Orleans or Fort Worth, Cincinnati, Detroit, Chicago, St. Louis, Topeka or Omaha, Minneapolis, Denver and Los Angeles. The approval of Portland, Or., was not decided.

A VICTORY FOR SILVER.

Controller Eckels' Visit Home Evidently of No Effect.

OTTAWA, Ills., May 22.—John P. Altgeld for governor and free silver were the instructions given to the delegates selected at the La Salle county convention here to attend the state convention. Attorney General Moloney presided as chairman.

La Salle is Comptroller Eckels' home county and interest was added to the convention by the fact that the comptroller recently visited Ottawa, being reported to have come to Illinois in the interest of the gold standard campaign.

Kruger Promises Kind Treatment.

LONDON, May 22.—The secretary of state for the colonies, Mr. Joseph Chamberlain, in the house of commons, said he had received a telegram to effect that President Kruger has promised that special jail regulations will be framed and made applicable to the Johannesburg reform prisoners, and that proper accommodations will be provided.

Bodouin Outrages Paid For.

CONSTANTINOPLE, May 22.—The British, French and Russian embassies here have each received checks for £10,000 as indemnity for the outrages at Jiddah in May last, when the British consul and vice consul, the Russian acting consul, and the French consular secretary were attacked and shot by Bodouins outside the town.

To Study Fur Sealing.

LONDON, May 22.—The under secretary of state for foreign affairs, Mr. George N. Curzon, in the house of commons, said that with the co-operation of Canada and the United States two professors of natural history were proceeding to the Behring sea in order to study the fur sealing industry.

Wrecked by a Gas Explosion.
COFFEYVILLE, Kan., May 22.—A gas explosion has wrecked two two-story buildings in the center of the city, causing the instant death of David Carter, the fatal injury of Matt Atchinson and Eliza Parsley, colored, and the wounding, more or less seriously, of 13 others.

WITHROW MODERATOR

Two Surprises at the Presbyterian General Assembly.

THE NEW OFFICIAL IS LIBERAL.

He Makes a Startling Departure Right In the Beginning—The Retiring Moderator Pleads For a Reconciliation of Factions—Business of the Assembly.

SARATOGA, May 22.—The Presbyterian general assembly has brought with it two surprises. The proposal in the retiring moderator's sermon for a conference to arrange and pacify the differences which have troubled the denomination during recent years was the first. The second was the election on the first ballot by a handsome majority of the man who has been regarded as the candidate of the liberal party.

When the contest for moderator commenced Dr. Francis C. Monfort of Cincinnati, editor of The Herald and Presbyterian, was nominated by Dr. Thomas H. Clelland of Duluth and was seconded by Colonel Alexander Ketcham of New York. The name of Dr. David R. Breed of Pittsburgh was presented by Rev. William H. Hubbard of Auburn, N. Y., and seconded by Hon. S. J. R. McMillan of St. Paul. Dr. John R. Davies of New York made a strong speech in the interest of Dr. John L. Withrow of Chicago and was seconded by Dr. William P. Kane of Bloomington, Ind., and Dr. V. D. Reed of Philadelphia. The result of the ballot was: Withrow, 315; Breed, 163, and Monfort, 84. The election was then made unanimous.

The newly elected moderator was given a gavel which had been provided by the local association of the Daughters of the Revolution. It is of wood which grew on the field where Burgoyne surrendered, and was made by a coxswain of Admiral Farragut's flagship.

Dr. Withrow, the new moderator, instituted a new departure at once. One of the most arduous duties of a newly elected moderator is in the appointment of numerous committees, upon one of which every commissioner finds a place. It has been customary to ask the advice of the clerks and of a few prominent commissioners. Dr. Withrow called for a meeting of two representatives from each presbytery with whom he might advise in the matter, and the result of the experiment is awaited with interest.

Some interest was aroused by the publication of a dispatch from Mr. Kingsley, treasurer of Union seminary, stating that Prof. Henry P. Smith, who was suspended by the general assembly of 1894, is to deliver a course of lectures at the seminary during the next year.

In closing his sermon the retiring moderator, Dr. Booth, spoke of the misunderstandings and conflicts which have divided the church and hindered its work. He deprecated any work or act which might aggravate present troubles. He said: "On one hand there are charges of undue severity in the administration of discipline coupled with a plea for liberty within certain limits, which, up to this time, have not been defined. On the other hand there is a fear or conviction that essential truths are at stake and a belief that the church is contending for honor and life in the stand which she has recently taken in her discipline and deliverances. To many of us this controversy has been inexpressibly painful, and there can be no doubt that it has materially interfered with our financial prosperity. It adds to the painfulness of the present condition that no real effort has hitherto been put forth to secure a removal of these misunderstandings by brotherly conference and arbitration of differences."

"It may be a dream; it may be a delusion," said the preacher, "but speaking as it were for the last time in such a place of public authority I appeal to the sound Christian sense of this venerable assembly to take some proper measures to ascertain what it is that divide us and what is required for the abatement of strife and a reconciliation of parties at variance."

OHIO EGG DEALERS AROUSED.

Hudson, Mich., May 22.—At a secret meeting of the Tri-State Butter, Egg and Poultry association of Michigan, Ohio and Indiana, held here, the association voted to build an anti-trust strawboard and filler case factory to manufacture its own cases. The filler trust, however, was given time to submit new propositions as to prices, which the association people claim are exorbitant.

Arrested For Bigamy.

PORTSMOUTH, O., May 22.—Albert Zornes, John Hurst and Joseph Glasgo were granted divorces at the last term of court, conditional upon the payment of the costs. Immediately upon hearing the decrees announced they went straightway and married again; but they failed to pay the costs in the cases, and as a result have been arrested for bigamy.

Friend of Lincoln and Douglas.

LOS ANGELES, Cal., May 22.—Harry Lewis Bryant, a prominent resident of this city, is dead. Mr. Bryant was an intimate friend of President Lincoln and Stephen A. Douglas. He was a cousin of William Cullen Bryant.

Vigorous Action by American Consul.

HAVRE, May 22.—Considerable excitement has been caused here by the action of the American consul in preventing the shipment of a cargo of cattle destined for the United States.

TO BEAT HARRISON.

This Was Why Quay Came Out For President.

WANTS TO BE NATIONAL CHAIRMAN.

A Washington Paper Says It Is the Object of the Proposed Trip to See McKinley—Will Start Today or Tomorrow For Canton.

WASHINGTON, May 22.—It is possible that Senator Quay may leave for his home today or tomorrow.

General Clarkson of Iowa and W. H. Andrews of Pennsylvania have had a conference with the senator.

The kindest expressions regarding Senator Quay are heard from the friends of Mr. McKinley. Nothing seems to have afforded them so much satisfaction as the announcement that he is going to Canton to talk with Mr. McKinley on the financial situation.

They believe that when the senator returns he will be able to quiet all suspicion and doubt that has been expressed regarding Major McKinley's attitude with regard to sound money. There is no doubt expressed by the McKinley people that Mr. Quay will receive a satisfactory answer to any inquiries he may make at Canton.

The Evening Star, which is generally considered very favorable to the McKinley campaign, thinks it has discovered the reason for Senator Quay's visit to Canton. It states that the senator desires once more to be chairman of the national committee, and that he desires to discuss the matter with McKinley.

The article says that the senator feels he was unjustly forced out of the Harrison contingent and his scheme at along has been to get back again. At first General Harrison loomed up as the probable nominee. He joined, therefore, in the effort to divide up the vote as much as possible by the favorite son maneuver and became a favorite himself. Then came the withdrawal of General Harrison and the forging ahead of Mr. McKinley, and now Mr. Quay is on the eve of starting for Canton to confer with the man whom nearly everybody expects to see the nominee of the St. Louis convention.

SILVER AND UNIT RULE.

A Pronounced Stand Taken by Wyoming Democratic Convention.

LARAMIE, Wyo., May 22.—The Democratic state convention was controlled entirely by the free silver element of the party and adopted a platform of one plank embodying the most advanced views in favor of that policy. The unit rule was adopted. The committee on resolutions adopted the following platform, which was unanimously adopted by a rising vote:

Whereas, The paramount issue before the American people is the currency question; therefore, be it

Resolved, That we, the Democracy of Wyoming, in convention assembled, demand the free and unlimited coinage of silver and gold into primary redemption money at the ratio of 16 to 1 without waiting for the action or approval of any other government.

The following delegates to the Chicago convention were chosen: C. W. Brammel, Albany county; Robert Foote, Johnson county; T. Dyer, Laramie; M. L. Blake, Sheridan; J. M. Osborne, Carbon; J. W. Sammons, Uintah.

Selected Gold Delegates.

ABERDEEN, S. D., May 22.—The Democratic state convention has selected delegates to Chicago. All are known to be gold standard men.

WILL LAY MORE PIPE

Low Pressure Lines to be Extended in the City.

SURVEYS THAT WILL BE MADE

In a Few Days to Determine the Line Over Which the Pipe Will be Laid to Wellsville—Indications of a Good Supply of Gas.

The Ohio Valley Gas company, it has been learned from a reliable source, will make a number of extensions to their lines in and near this vicinity before the snow flies again. The indications, it is said, for a promising future supply of the aeriform fluid is responsible for the contemplated increase in the length of the line.

The low pressure will be extended here so as to cover the entire city. It is not definitely known when the extension of the line will be commenced in the city, but suffice it to say that the work will be completed before the cold weather comes.

As noted in these columns some few weeks since, a line is to be run from the company's mains in West Virginia across to Wellsville, thus supplying that city with gas. Engineers will be on the grounds in a few days to make surveys to determine the course to be taken for the pipe.

The construction of the new pump station, now in process of erection at McCauslin's Mills, a few miles back in the country, across the river, will, when completed, give the company marked increased facilities for supplying the extra consumption of gas that will take place when the extensions are all made.

President Charles A. Smith, of the company, was in the city yesterday.

DID YOU SEE IT?

See What? Robinson's Thermal Bath Cabinet.

How can residents of East Liverpool learn about its health giving properties? Simply by calling upon Will Reed, the well-known and popular Sixth street druggist. This bath cabinet is attracting great attention. It gives a clean and beautiful complexion, and gives new life to every organ of the human body. It combines, within itself, sanitarium, hot springs and Turkish bath, right in your own home, in the most convenient manner, and at very slight expense. There are several of these bath cabinets in use in East Liverpool at the present writing, and those who are using them have found them grandly beneficial and are very enthusiastic in their commendation. Robinson's Thermal Bath Cabinets are wonderful health protectors and health restorers, and you cannot afford to be without one. The price of the complete outfit ranges from \$7.50 to \$12.50. Druggist Will Reed, opera house block, Sixth street, is exclusive agent for these health-giving, health-restoring cabinets, and you can get full particulars by calling at his place of business. Don't neglect to call at once, as you prize good health.

Poor Wellsville.

A damage case against East Liverpool saloonists gets into court today. In the petition a wife alleges that saloonists have violated the law in selling to her husband, whose last drunk began on December 6, last year, and is not yet over. It is no wonder that Wellsville, just below East Liverpool, is suffering for want of something to drink when there is a man up the river, who for over five months past has been drinking everything that would run down his throat.—Salem News.

The Star Chamber.

It was the intention to hold the star chamber session of council this evening for the purpose of conferring with the counsel in regard to the Billingsley damage cases. The session will not be held, however, as too many councilmen are out of the city. It now looks as though "star chamber" will not have a chance to transact business in private, as it is hardly probable that any star chamber will be held before the next meeting of council.

Last Sad Rites.

The funeral services of the late Mrs. Sarah Morley took place yesterday. IN MEMORIAM.

Resolutions of Respect in Memory of Mrs. Sarah Morley.

At a regular meeting of White Rose Lodge, No. 25, Daughters of St. George, held on Wednesday, May 20th, 1896, the following resolutions of respect were unanimously adopted:

WHEREAS, It has pleased our heavenly father, in His all wise providence, to remove from this earth our beloved friend and sister, Mrs. Sarah Morley, therefore be it

Resolved, That we sincerely mourn the loss of our dear sister and fellow member, a loving mother and true friend, and who was ever ready to extend a helping hand to those in sorrow or need.

Resolved, That we tender the family of our departed sister, in their hour of deep sorrow, our sincere and heartfelt sympathy, with the earnest prayer that their loss may prove to them a true blessing, in directing them to the Master, who loveth them with a greater than human love.

Resolved, That our charter be draped in mourning for 30 days.

Resolved, That a copy of these resolutions be spread upon the minutes of the lodge, and a memorial card be prepared and suitably framed and presented to the bereaved family.

VERDICT NOT OPENED

In the Case of Ella McDole Against the Street Railway.

WILL BE GIVEN OUT TUESDAY

The Jury Failed to Agree Last Night and Were Closed Again This Morning—A Teegarden Man Adjudged Insane—News of the Courts.

Special to News Review.

LISBON, May 22.—The final action in the \$3,000 damage case brought by Miss Ella McDole against the East Liverpool and Wellsville Street Railway company, for injuries received last July at the culvert near the Horn switch in East Liverpool, which was on trial in court yesterday, was made about four o'clock last evening, and the jury retired at 10 o'clock last night. The jury failed to come to an agreement and were dismissed for the night by the court. This morning Judges Jackson and Blandon and Attorney Anderson left for their homes and consequently the verdict, which was returned a few hours after their departure, will have to lie unopened until Tuesday morning, when Judge Robinson will preside.

The regular petit jury was dismissed last evening from further duty until next Tuesday morning, as the case of Robert Welch versus the city of Wellsville, which was assigned for Monday, has been continued.

James Figley was adjudged to be insane yesterday at his home near Teegarden and application was made through probate court for his admission to the insane asylum at Newburg.

The probate court confirmed the sale of the East Liverpool property in the case of George Hamilton, administrator, against Eliza Foutts, and distributed the proceeds, which amounted to \$950.

The application to sell the Wellsville property, recently filed by F. L. Wells, administrator, against John Chellery and others, was heard and an order of sale issued.

Marriage licenses were issued to Jonah Shontz and Fannie Fisher and Michael Welsh and Lizzie Loughley.

Persons who sympathize with the afflicted will rejoice with D. E. Carr, of 1,235 Harrison street, Kansas City. He is an old sufferer from inflammatory rheumatism, but has not heretofore been troubled in this climate. Last winter he went up into Wisconsin, and in consequence has had another attack. "It came upon me again very acute and severe," he said. "My joints swelled and became inflamed; sore to touch or almost to look at. Upon the urgent request of my mother-in-law I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise, it did both. I have used three 50 cent bottles and believe it to be the finest thing for rheumatism, pains and swellings extant. For sale by A. H. Bulger, druggist.

WILL LAY MORE PIPE

Low Pressure Lines to be Extended in the City.

SURVEYS THAT WILL BE MADE

In a Few Days to Determine the Line Over Which the Pipe Will be Laid to Wellsville—Indications of a Good Supply of Gas.

The Ohio Valley Gas company, it has been learned from a reliable source, will make a number of extensions to their lines in and near this vicinity before the snow flies again. The indications, it is said, for a promising future supply of the aeriform fluid is responsible for the contemplated increase in the length of the line.

The low pressure will be extended here so as to cover the entire city. It is not definitely known when the extension of the line will be commenced in the city, but suffice it to say that the work will be completed before the cold weather comes.

As noted in these columns some few weeks since, a line is to be run from the company's mains in West Virginia across to Wellsville, thus supplying that city with gas. Engineers will be on the grounds in a few days to make surveys to determine the course to be taken for the pipe.

The construction of the new pump station, now in process of erection at McCauslin's Mills, a few miles back in the country, across the river, will, when completed, give the company marked increased facilities for supplying the extra consumption of gas that will take place when the extensions are all made.

President Charles A. Smith, of the company, was in the city yesterday.

DID YOU SEE IT?

See What? Robinson's Thermal Bath Cabinet.

How can residents of East Liverpool learn about its health giving properties? Simply by calling upon Will Reed, the well-known and popular Sixth street druggist. This bath cabinet is attracting great attention. It gives a clean and beautiful complexion, and gives new life to every organ of the human body. It combines, within itself, sanitarium, hot springs and Turkish bath, right in your own home, in the most convenient manner, and at very slight expense. There are several of these bath cabinets in use in East Liverpool at the present writing, and those who are using them have found them grandly beneficial and are very enthusiastic in their commendation. Robinson's Thermal Bath Cabinets are wonderful health protectors and health restorers, and you cannot afford to be without one. The price of the complete outfit ranges from \$7.50 to \$12.50. Druggist Will Reed, opera house block, Sixth street, is exclusive agent for these health-giving, health-restoring cabinets, and you can get full particulars by calling at his place of business. Don't neglect to call at once, as you prize good health.

Poor Wellsville.

A damage case against East Liverpool saloonists gets into court today. In the petition a wife alleges that saloonists have violated the law in selling to her husband, whose last drunk began on December 6, last year, and is not yet over. It is no wonder that Wellsville, just below East Liverpool, is suffering for want of something to drink when there is a man up the river, who for over five months past has been drinking everything that would run down his throat.—Salem News.

The Star Chamber.

It was the intention to hold the star chamber session of council this evening for the purpose of conferring with the counsel in regard to the Billingsley damage cases. The session will not be held, however, as too many councilmen are out of the city. It now looks as though "star chamber" will not have a chance to transact business in private, as it is hardly probable that any star chamber will be held before the next meeting of council.

Last Sad Rites.

The funeral services of the late Mrs. Sarah Morley took place yesterday.
